1.1 GENERAL GOVERNMENT – EFFICIENCY		
	2008	2007
	10.7%	11.5%

**Efficiency Measure**

Operating costs for governance and corporate management as a percentage of total municipal operating costs.

**Objective**

Efficient municipal government.

**Notes & Key Factors for Understanding Results**

The Municipality of Brockton provides centralized corporate support for services such as payroll, accounting, information technology, legal, courier, postage, photocopying etc. for all municipal departments. This centralized method of providing services may result in a higher measurement result than a decentralized model where all costs are allocated directly to the service area.

The formula for the local government measure was changed in 2007.

### 2.1 FIRE SERVICES – EFFICIENCY

	2008	2007	2006	2005	
	\$0.60	\$0.55	\$0.54	\$0.54	

#### Efficiency Measure

Operating costs for fire services per \$1,000 of assessment.

#### Objective

Efficient fire services.

#### Notes & Key Factors for Understanding Results

Factors that can influence these results include:

- (1) Size of municipality and mix of urban and rural coverage.
- (2) Composition of fire services – Brockton has a combination of two departments each Walkerton has a full time Chief and Elmwood has a volunteer Chief and approximately fifty volunteers between the two forces.
- (3) Service-level decisions made by local councils on response time and other services can affect the number of fire fighters on staff and the number of fire halls and equipment levels.

Formulas for all efficiency measures were changed in 2005 to improve the definition of operating costs.
