Inflow and Infiltration in Sanitary Sewer Pipes

When inflow and infiltration enters sanitary sewer pipes, the sewer system may become overloaded with water and cause multiple problems. To help this problem, keep clean water out of the sanitary sewer and reduce treatment costs. Ensure your sump pump and downspout water is directed to your lawn, garden or rain barrel. Learn more about inflow and infiltration on our website at www.Brockton.ca/Sewer or contact the Utilities Department at 519-881-2223 Ext. 34.
