

Brockton Retail Farm Gate Grant

Purpose

To cover a portion of the project costs for a public-facing “farm gate” retail facility for eligible farms in rural areas of Brockton.

The program is intended to encourage the installation of produce stands and signage on the part of property owners and tenants, or the improvement of existing produce stands.

Brockton is committed to assisting the agricultural sector in exploring value-added opportunities to boost farm income, and also to the provision of locally grown food and products for local residents and visitors.

This is not a property maintenance program, and designs and materials used must be of high quality to enhance the character of the agri-business sector.

- Professional design fees
- Farm gate produce/retail stand upgrades/replacement
- Farm gate unit and associated agri-business signage
- Cleaning, painting, sandblasting and/or refinishing retail stands
