DRAFT

NOTE:
 The Saugeen Valley Conservation Authority Regulation 169/06 - Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation applies to lands generally indicated as such on the map. The SVCA should be consulted prior to the commencement of development and/or site alteration, including construction, reconstruction, conversions, grading, filling or excavating, on lands located within the SVCA Regulated Area. The SVCA Regulated Area shown on this zone schedule should be considered a visual aid only, as the text of the SVCA Regulation takes precedence. Please consult the SVCA for additional information regarding Regulation.
