ZONING MAP 9

Scale 1:24,000

NOTES:

The Conservation Authorities Act applies to lands within and adjacent to EP and EP - Special zoned lands. The Conservation Authorities Act requires that a Conservation Authority permit shall be obtained prior to undertaking any development and/or site alteration activities within those Regulated Areas. To determine the extent of the Regulated Area and whether a Conservation Authority permit is required, the Conservation Authority must be contacted for any proposed development and/or site alteration activity within and 30 metres adjacent to EP and EP-Special zoned lands. The mapping should be considered as a visual aid only.

- 120 metre setback from PSW : Development applications for lands that are within the 120 metre setback of a PSW (mapped as 'EP-1' zone) delineated on Schedule 'A' may require the submission of an Environmental Impact Study.
- Intake Protection Zones 1 & 2 : Development applications for lands that are within an Intake Protection Zone and/or 2 as delineated on Schedule 'A' may require the submission of a Technical Study.
- Wellhead Protection Area : Development applications for lands that are within a Wellhead Protection Area as delineated on Schedule 'A' may require the submission of a Technical Study.
- SVCA Development, Interference with Wetlands & Alterations to Shoreline & Watercourses Regulation Area.
