NOTES:
The Conservation Authorities Act applies to lands within and adjacent to EP and EP – Special zoned lands. The Conservation Authorities Act requires that a Conservation Authority permit shall be obtained prior to undertaking any development and/or site alteration activities within those Regulated Areas. To determine the extent of the Regulated Area and whether a Conservation Authority permit is required, the Conservation Authority must be contacted for any proposed development and/or site alteration activity within and 30 metres adjacent to EP and EP-Special zoned lands. The mapping should be considered as a visual aid only.

Wellhead Protection Area : Development applications for lands that are within a Wellhead Protection Area as delineated on Schedule 'A' may require the submission of an Technical Study.
