Scale 1,200

**NOTE:**  
 The Saugeen Valley Conservation Authority Regulation 169/06 - Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation applies generally to lands zoned EP or EP-1 and to lands within 120 metres of an EP-1 zone. Also, this Regulation may apply to lands generally within 30 metres of an EP zone. The SVCA should be contacted to determine the extent of the Regulated Area and prior to the commencement of development and or site alteration, including construction, reconstruction, conversions, grading, filling or excavating within or adjacent to lands zoned EP and EP-1. The mapping should be considered as a visual aid only, as the text of the Regulation takes precedence. Please consult the SVCA for additional information regarding the Regulation.
